US Living Trust Agreement

ISG's scope of service: ISG will introduce and provide administration support for our US partners to prepare your US Living Trust.

ISG fees

The ISG fee for this service is \$3,000 USD, which covers one property and includes both our US partner's fee and ISG's fee. After reviewing your current situation this price may be adjusted due to extra time requirements. A separate charge of \$200 USD per property will apply for each additional property owned in the US. These fees include the registration of property deeds at local county offices, and after completion all documents will be returned to you for safe filing. Please be aware that full payment is due before any trust document preparation begins.
